DETAILED ACTION

This Office Action is in response to Election filed on 8/18/2004.

Currently claims 1-20 are pending. Claims 7-14 are withdrawn from consideration.

Election/Restrictions

1. Applicant's election of claims 1-6 and 15-20 in the reply filed on 8/18/2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).
2. This application is in condition for allowance except for the presence of claims 7-14 to a method that is non-elected without traverse. Accordingly, claims 7-14 have been cancelled.

Allowable Subject Matter

3. Claims 1-6 and 15-20 are allowed.
4. The following is an examiner's statement of reasons for allowance: the prior art, either singly or in combination fails to anticipate or render obvious, the limitations of:
 - ...a gate having a first portion and a second portion;
 - a body region under the first portion of the gate;
 - a body contact adjacent to the second portion of the gate; and

a plurality of body paths connecting the body region to the body contact through a drain region, as required by claim 1; and

...a gate over the insulating layer having a first portion and a second portion;

a body region under the first portion of the gate;

a body contact adjacent to the second portion of the gate; and

a plurality of body paths connecting the body region to the body region to the body contact through a drain region, as required by claim 15.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
